Officials Profiting Illegally Must Be Exposed and Punished.

Paris, Jan. 5.—As a result of the charges of scandal and graft in connection with the liquidation of the property of religious orders in France which have been going the rounds of the clerical re-actionary press, a parliamentary commission has been appointed to conduct detailed investigations. Ex-premier Combs probably will be president of the commission, but all political parties will be represented pro rata. M. Delpech, radical socialist, who, with M. Combs has been the prime mover in insisting upon an investigation, declares that the clericals must not be allowed to make political capital against the republic out of veiled charges.
"Regardless of the agitation it will involve, this investigation must be made," said M. Delpech, "if, unfortunately any officials have profited illegally by this liquidation, they must be exposed and punished. The republic must be true to its creed of honesty and justice."

The imposition of a heavy school tax and a heavier tax on opium had aroused the boxers to anger and started them on a wrecking rampage.

Thaxton was scheduled to hang on last Friday, but was given a respite of fifteen days in order to give some of his friends an opportunity to make good the statement that new testimony had been found. The letter in which he (Thaxton) tells his sister, Tilia Johnson, that a man must be gotten out of the way was intercepted by the sheriff's deputies, who have been instructed to guard the condemned negro carefully.
The man mentioned in Thaxton's letter as the one to be gotten out of the way is Jim O'Hear, who is said to have witnessed the murder for which Thaxton has been convicted.
Thaxton's sentence was commuted fifteen days in very dramatic fashion last Friday, a telegram arriving from the governor just as the sheriff was about to pull the gallows' trigger.

JAPS DAILY ARRIVING

Unexplained Gathering of Orientals at Vancouver.

MANY COMING FROM HAWAII

Paternal Government Cannot Do Anything to Prevent Japanese Coming to British Columbia—Charters Being Arranged.

Prtland, Ore., Jan. 5.—A despatch to the Oregonian from Vancouver, B. C., says:
The unexplained arrival of 300 Japanese at Vancouver Friday and the influx of 1,500 within the next month from Honolulu, are features of the Oriental situation in Vancouver.
The 300 came from the coast logging camps and some even from the American side of the boundary line.
Friday night there was the usual crop of rumors that they came in view of the possible troubles officers of the Asiatic Exclusion league are much perturbed over the event.
Friday it was announced that at least 1,000 Japanese would come from Hawaii during the next three weeks. One steamer, already chartered, will leave Honolulu with 150 aboard for Vancouver next week. Charters are now being arranged to carry others. Then, too, all the accommodations of the steamers of the Canadian-Australian line have been secured six months ahead of the Japanese of Honolulu. There is room in the steerage for only fifty by each steamer.
Of course, technically, the paternal government cannot do anything to prevnt the coming of these Japanese to British Columbia, for the Japanese are free will agents once they have turned in their passports at the islands, and there is really nothing to prevent them inflicting their presence on this outpost of Great Britain, the ally of Japan.
So far, no action has been taken by the police authorities toward the disarming of the Japanese.
It is estimated that there are hundreds of serviceable firearms in the Japanese section.

Difficulty Said To Have Grown Out of Their Rivalry Over Young Lady.

Washington, Ga., Jan. 5—News has been received here from Stony Ridge, a small village in the western part of the county, that Edgar H. Smith, a son of Coroner H. Smith, was shot twice and seriously wounded by Hugh Elmo Combs. Smith's condition is very serious, and he may die at any moment. Combs made his escape.
The difficulty between the two men is said to have grown out of a desire of both men to monopolize the entire time of one young lady at a dance.

He Used a Bit of Strategy.

Chicago, Jan. 5.—Dressed in the garb of a rabbi, Policeman Jos. J. Roach Friday evening dispersed a crowd of hoodlums who a short time before had stoned Rabbi Wm. C. Colb, pastor of the Bichur Cholem temple. The policeman upon being told of the attack on the rabbi decided as a bit of strategy to don the rabbi's robe. Roach was promptly showered with missiles by the mob when he appeared on the street. Angered at the attack, the policeman forgot his rabbinical costume and wielding his club with suddenness and vigor, put the surprised mob to flight.

CATARRH A GERM DISEASE.

Success of Hyomei Guaranteed by J. W. McCollum & Co.

Catarrh is not a blood disease, but is caused by germs that lodge and grow in the air passages, causing irritation with poisonous and offensive mucous discharges. It is an insidious disease of most destructive tendency. Its approaches are unalarming, and its victims are well on the road to a chronic state or to dread consumption before they realize their danger.

Stomach dosing is ineffective in the treatment of catarrh. The only healing agent is Hyomei, which is inhaled with the air you breathe, killing all catarrhal germs and driving them from the system.

The sooner you use Hyomei the sooner you will be free of catarrh. J. W. McCollum & Co. will sell you a dollar outfit with the understanding that if it does not give satisfaction your money will be refunded.

Rev. Thos. P. Hay, pastor of the First Presbyterian church, left yesterday for Charleston and Edisto Island, S. C., where he will spend the next ten days. Mrs. Hay and Park have been in South Carolina several days.

Frank Richardson and S. E. Bouis of Jacksonville, and W. A. Edwards of Columbia, S. C., left yesterday for their respective homes, after a brief business trip here. They came for a conference with the Board of Control.

R. C. Davis of Jacksonville, senior member of the firm of R. C. Davis & Co., State agents for the Fay-Sholes typewriter, is in the city. Mr. Davis is one of the most successful salesmen in his line in this section of the country.

Mrs. George Dudley, son, Master Armel, and daughter, little Miss Francis, are in the city from Lakeland, being guests of Mr. and Mrs. L. C. Lynch. Armel has been for some time attending Miss Tebeau's school, and has come to resume his studies, after a pleasant vacation at his home.

Mr. and Mrs. J. Fletcher Hill and son have returned from Micanopy, where they have been for the past few days with Mrs. Hill's parents, Mr. and Mrs. E. C. Chitty. She was called on account of the illness of her sister, Mrs. Matthews, who was critically ill, but friends are glad to learn that her condition is much improved.

For the information of the traveling public we publish the following schedule of the departure of trains on the S. A. L.: Trains going South leave at 10 a. m., 12:25 p. m., and 5:45 p. m. Trains going North leave at 8:05 a. m., 3:20 p. m. and 5:54 p. m. Note these changes carefully and govern yourself accordingly.

Miss Rena Carpenter, the charming daughter of Mr. and Mrs. T. U. Carpenter, formerly of this city but now residing in St. Petersburg, has returned to her home, after a pleasant visit to Judge and Mrs. Syd L. Carter. As a girl Miss Rena was quite popular here, as she is possessed of a most amiable disposition.

D. M. Davidson of High Springs was in the city yesterday. Mr. Davidson owns quite a tract of fine cypress on the Santa Fe river, and is now operating a shingle mill, with a capacity of 15,000 per day. The samples brought to Gainesville by Mr. Davidson were very fine and uniform, and his product will find a ready market.

G. B. Netherton of Buffalo, N. Y., the clever traveling representative of the Cary Safe & Lock Company, is among the visitors to this city. Mr. Netherton makes Gainesville at regular intervals, and his friends here are always glad to greet him. He compliments Gainesville very highly upon the progress made since his last visit, about two years ago.

The Sun contained mention of the fact in a recent issue that Col. I. E. Webster and H. C. Roth would open a store in North Gainesville, and that the same would be under the management of Mr. Roth. In this statement there was a slight error, as it was Glen Roth, instead of his father, who will be associated in the business. Glen is a hustler, and under his management the new venture will no doubt prove a paying investment.

Mr. and Mrs. John W. Ettel, formerly of this city but later of White Springs, where until recently the former has conducted the Hamilton Hotel, left Sunday for their summer home in Fairhope, Ala. They are several weeks earlier than usual this year, but having leased the Hamilton, and being very much devoted to their Alabama home on Mobile bay, decided to leave at this time. It may be that they will go for a visit to their old home in Europe the coming summer.

After a heavy meal, take a couple of Doan's Regulets, and give your stomach, liver and bowels the help they will need. Regulets bring easy, regular passages of the bowels.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the appoval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

....WORTH CONSIDERATION....

When buying from a jewelry store wouldn't you consider it very important to feel there is absolutely no question about quality? When you buy HERE you don't pay any more, perhaps less, than in an indifferent store, but you are certain about quality. That point alone is more important in choosing diamonds, jewelry, watches and silverware than any other consideration. LADIES' SOLID GOLD RINGS in single and combination sets, $4.00 up.

THE TORPEDO FLOTILLA.

For the first time in the history of the navy there will be inaugurated this year a regular torpedo flotilla similar to that of the British navy. We have had torpedo boat practice every summer at Newport for some seasons past, but the torpedo strength of the navy has now grown to about one hundred torpedo boats and destroyers, to say nothing of a number of submarines. The management of the flotilla has been turned over to Commander O. C. Marsh, who has outlined a series of maneuvers to be carried out during the spring either at Narragansett or Chesapeake Bay. The exact scene of the maneuvers has not yet been determined. Thus, while the battleships, the heavyweight section of the fleet, are on exhibition in South America and on the Pacific Coast, there will be something doing for the Atlantic in the line of naval entertainment. The torpedo division probably will consist of two divisions of submarines, one of torpedo boats and another of destroyers. The navy has never yet given an exhibition of torpedo-boat work in force and it will take considerable practice to bring this arm of service up to a state of real efficiency. The torpedo boat has the advantage of keeping the enemy uneasy, but it is to be strongly suspected that its chief efficiency is in its moral effect. The two torpedo boats accompanying Cervera's fleet during the Spanish war were really more dreaded than all the rest of the Spanish squadron put together, yet when it came to actual service they were put out of commission by the little converted yacht Gloucester in something like three minutes. In the Russo-Jap war, in spite of the daring and resourcefulness of the Japanese, the torpedo boats did really very little effective work. Only a fraction of one per cent of their shots landed. The American torpedo flotilla will have to do a great deal of practice work before it ever becomes really effective.

Editor Appleyard of The Lake City Index promises to write a correct history of the legislative battle of 1897 which resulted in the election of the late United States Senator Mallory, claiming that he (Appleyard) has the correct documents. INFORMATION

About a Reliable Medicine.

We want the people of Gainesville to know that we believe the most valuable cod liver preparation—the best tonic reconstructor, health-restorer and strength-creator known to medicine today, is Vinol.

Vinol is not a patent medicine, as everything it contains is named on the label of every bottle. We guarantee Vinol contains beside tonic iron all of the medicinal, curative and body-building elements of cod liver oil actually taken from fresh cods' livers, but without a drop of the useless oil to clog the system, upset the stomach and retard its work. This is why Vinol is so far superior to old-fashioned cod liver oil and emulsions.

Vinol is guaranteed by over five thousand leading druggists of the United States to create health and strength for old people, weak, sickly women and children, nursing mothers, and after a severe sickness, and for hacking coughs, chronic colds, bronchitis and throat and lung troubles.

Try Vinol on our guarantee.—W. M. Johnson, Druggist, Gainesville, Fla.

PROMINENT PALATKANS.

Messrs. Tilghman and Wilson Think Gainesville Hustling City.

Among the prominent visitors to Gainesville Sunday were John Q. Tilghman, member of the firm of Tilghman & Sons, manufacturers of shingles, and A. E. Wilson, president of the Wilson Cypress Company, of Palatka, the latter being one of the finest and most extensive lumber manufacturing plants in the South.

These gentlemen were en route to Lukins, near Cedar Key, where they are also heavily interested in lumber, owning and operating a large cypress mill.

The gentlemen were here several hours between trains, during which time they had an opportunity to look around. They were well pleased with the general appearance of the city from every standpoint, being particularly impressed with the class of modern buildings which have been erected here within the past three years, and also those which are under process of construction now. They report Palatka in the line of progress also, and declare it is going to be the finest city between Jacksonville and Tampa.

One of the most admirable traits of a Palatkan is the loyalty with which he sticks to his town, and the Gem City will yet get the kinks out of her back.

WEST END IN GOOD SHAPE.

So Reports County Officials Who Have Been in That Section.

Tax Collector W. D. Dickinson and Tax Assessor W. W. Colson have made their rounds of the West End.

"You may say that the West End and the people of the West End, as usual, are all right," remarked Collector Dickinson, in speaking of his trip. "Notwithstanding that we were gone only four days, I succeeded in collecting taxes to the amount of about $1,500—and I did not have to beg for it, either. The people met me promptly and paid me cheerfully, which is the best evidence that they are in good shape, financially."

Captain Dickinson further stated that, notwithstanding the long and continued drought in the summer, which had a tendency to materially damage the crops, the farmers of the West End survived all this, and as a rule the cribs are full of corn and the smokehouses loaded with meat. There is also an abundance of sweet potatoes, as well as other good things which go to make the farmer's living.

DEATH OF MRS. JOLLY.

Lady So Seriously Burned at Waldo Passed Away Sunday Morning.

The sad death of Mrs. Walter Jolly, who was so seriously burned by accident at her home in Waldo a few days ago, the particulars of which our readers are familiar with, died at her home about 9 o'clock Sunday morning, after intense agony and suffering since the sad accident. She was surrounded by her devoted husband and children at the time death came to relieve her of her sufferings. Mr. Jolly has been at her bedside ever since shortly after her misfortune.

Deceased leaves a husband and two children, to whom the sympathy of friends generally is extended.

A strange and sad coincidence in this death is that a sister of Mrs. Jolly met the same fate a number of years ago.

The funeral was held Monday morning, and was largely attended. There were many handsome floral offerings which were sent as tokens of the esteem in which deceased was held by her friends.

Coming Society Wedding.

The Nashville (Tenn.) Banner of Saturday, the 4th inst., contains the following society squib, which will prove of interest to readers of The Sun, as the prospective groom is well known here, being a son of J. H. Jarvis:

"Mr. and Mrs. Thos. J. O'Keefe announce the engagement and approaching marriage of their daughter, Louise, and Mr. Arthur Tedcastle Jarvis. The wedding will be solemnized at the family home the middle of February."

The numerous Gainesville friends of Mr. Jarvis extend congratulations in advance.

OPENING OF PUBLIC SCHOOL.

Gainesville Graded and High School Opened for Spring Term.

After a vacation of about two weeks, the Gainesville Graded and High School threw open its massive doors for the beginning of the spring term on Monday.

The opening of this well-known institution was very encouraging, as a large number of pupils responded to the roll-call.

The faculty and students have had a good rest, and Prof. Cawthon and his efficient assistants, with the cooperation of the pupils, propose to make this the banner term of the school.

Atro is the Best of All

There are many mail order whiskies on the market. Some good—some otherwise. We are probably the only whiskey distillers who make a specialty and a study of medicinal whiskies.

Atro is the name we have given our high-grade corn or rye whiskey made by the "Primitive Method," and especially recommended and prescribed by physicians and specialists for invalids and convalescents.

NEW THEORY SUCCESSFUL IN INDIANAPOLIS

L. T. Cooper Makes Many Converts During Stay in That City.

"The new theory (backed up by his preparation) advanced by L. T. Cooper with regard to the cause of most ill health of the present generation is being sown broadcast by this young man.

Cooper believes that the human stomach has become degenerate in civilized races and claims that good health is impossible unless the stomach is re-vitalized. This he claims to do with his preparation.

An article from the Indianapolis Star during Cooper's stay in that city has this to say of Cooper and his preparation: "Residents of this city are being astounded by L. T. Cooper and his new preparation.

"Reports that preceded Mr. Cooper's visit here told of his success in other localities, but the immense success of his medicine and the general belief in his theory was wholly unprecedented.

"So great is the rush of the public to this young man that people stand in line waiting their turn for hours in an effort to see him. The most interesting feature of this is statements made by reliable citizens as to the actual accomplishments of Cooper's medicine." Among recent statements of this character the following is a fair example:

"Mr. B. F. Campbell, of 3224 West Washington Street, had this to say of his experience with Cooper: 'I have been a victim of stomach trouble for the past five years—sick and suffering pain all the time. Everything I ate distressed me. I have been under the treatment of many physicians, and have taken all kinds of medicine, none of which afforded me relief. I was greatly discouraged, and was about ready to give up, when Mr. Cooper came to this city to introduce his preparations.

"'I was skeptical, of course, after spending so much money and taking such a large quantity of medicine, but, like the drowning man, I was ready to grab at a straw, so I secured some of Mr. Cooper's New Discovery medicine and began taking it. It seemed to help right from the first dose. I have been taking it for several weeks, and can now eat heartily and enjoy my meals for the first time in five years—eat anything, without pain or distress of any kind. I feel like a new being—life is worth living now.'"

Let us explain Mr. Cooper's remarkable medicine to you if your general health is not all that it should be.—J. W. McCollum & Co.

"The Blood is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgement are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It enriches and purifies the blood thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

● ● ● ● ● ●

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by inclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

● ● ● ● ● ●

You can't afford to accept any medicine of *unknown composition* as a substitute for "Golden Medical Discovery," which is a medicine OF KNOWN COMPOSITION, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.

Found Pullman Car Package.

Pottsville, Pa., Jan. 5.—Lawrence Prickett, a draughtsman, employed at the plant of the Easton Steel Company at this place, returning from a holiday visit to New Jersey, picked up in a Pullman car a package containing $7,500 in gold bonds, and $4,500 more in negotiable paper. Having communicated with a Philadelphia broker he ascertained the owner and returned to him the money by express. Friday his honesty was rewarded by the gift of a $500 United States gold bond from the owner.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

IS IDENTIFEID BY HUSBAND.

After Searching Examination Declares It His Wife's Body.

eNwark, N. Y., Jan. 5.—After a half dozen supposed identifications had been disproved, the police are satisfied that the woman who was murdered on the flats that border the Passaic river, in Harrison, was Helena Salter Whitmore, who, with her husband, Theodore S Whitmore, conducted a furnished room house in Brooklyn. The identification was made by the woman's sister, Mrs. Susan Schmitter, of the Bronx, and corroborated by Mrs. Schmitter's husband. Martin Frank Englert, a friend, and finally by the murdered woman's husband. Whitmore has been detained by the police, and a summons has been issued for Englert. The latter, who admitted an intimate acquaintance with Mrs. Whitmore, was able to go into such minute details in his identification that authorities believe he will prove a valuable witness.

Mrs. Schmitter also furnished the police with what is believed to be important information. She told of a series of letters and telegrams received by herself and her sister in Schnectady, purporting to come from Mrs. Whitmore, but some of which must have been written after her death. Mrs. Whitmore's trunk was mysteriously sent to her home.

Coca-Cola ANALYZED

All over the U. S. and in foreign countries the remarkable popularity of Coca-Cola has drawn upon itself the attention and in some cases the criticism of Health and Pure Food Authorities. Any fraud concerning Coca-Cola has been carefully analyzed in every section by the most eminent chemists, and never in a single instance has a deleterious report been returned. In fact the contention of the critics is that THERE IS ABSOLUTELY NOTHING IN COCA-COLA ANY MORE HARMFUL THAN IS FOUND IN TEA OR COFFEE.

HAS BEGUN SUIT.

Countess of Yarmouth's Suit Is Sixty-first on Defended List.

London, Jan. 5.—The solicitor of the Earl of Yarmouth, whose wife, formerly Miss Alice C. Thaw, of Pittsburg, has begun suit for the nullification of her marriage, have given notice that they propose to defend the action. The case probably will not be heard for several weeks. While this action is quite distinct from a divorce, it will be heard in the divorce court. The sitting of which begin January 11. The court has only two judges, and there are on the calendar 156 undefended cases which take precedence over the defended suits. The Yarmouth suit stands sixty-one on the list of defended cases.

Lewis & Lewis, the famous firm of solicitors of which Sir George G. Lewis, the best known lawyer in England, is the head, will represent the countess.

Insanity previous to marriage, non-consummation of the marriage relation, or an existing marriage are the only grounds upon which, under the English law, a marriage may be annulled.

Romance Began In The Surf.

New York, Jan 5.—The marriage of Miss Marjorie Conley and D. Perry Wilson, just announced, was the result of another of the many romances that have begun in the surf. Two years ago Miss Conley, who had come to New York from Louisville, Ky., to earn her own living, went to Atlantic City on her vacation. She was an expert swimmer, but one day, venturing outside the life lines she became exhausted and but for the aid of a young man would probably have drowned. The man was D. Perry Wilson, son of a wealthy railroad man of Lock Haven, a student of Lehigh university.

RHEUMATISM

BODY RACKED WITH PAIN

No other disease causes such wide-spread suffering as Rheumatism. It is a nerve racking torture, and so thoroughly does it dominate the system, when it becomes entrenched in the blood, that its victims are usually complete slaves to pain. Rheumatism is due to an excess of uric acid in the blood brought on by stomach troubles, weak kidneys, indigestion, and a sluggish condition of the system. The natural refuse of the body, instead of passing off through the ordinary channels of waste, is left to sour and ferment in the system because of these irregularities, forming uric acid which is absorbed into the blood, and Rheumatism gets a foothold. As the blood circulates through the body it deposits the acrid, irritating substances with which it is saturated, into the different muscles, nerves, tissues and bones. Sharp, biting pains commence, the flesh becomes feverish, swollen and tender, the muscles and joints throb and jerk, and the body is literally racked with pain. Plasters, blisters, liniments, etc., can never cure the disease; they relieve the pain, perhaps, temporarily, but do not reach the trouble, which is in the blood. S. S. S. is the proper treatment for Rheumatism. It goes down and attacks the disease at its head, and by driving out the poison and acrid fluids which are causing the pain, and strengthening and enriching the blood, cures Rheumatism permanently. S. S. S. is the greatest of all blood purifiers, just what is needed in every case of Rheumatism. Book on Rheumatism and any medical advice free.

Harman, general passenger agent of the Western and Atlantic railroad, announces a new double daily service between Chicago, Atlanta, Jacksonville and St. Augustine, via his road, effective on Sunday, January 12, the "Dixie Flyer" to run the year round and the "Chicago and Florida Limited" during the tourist season. Heretofore these trains have only been operated during the tourist season, and have been taken out of commission early in the spring. This year it is announced that the "Dixie Flyer," which is to be palatial in its appointments and handsome in every detail, will operate between these cities every day in the year after next Sunday.

City and Country Folk.

The rapid rate of life, the number of decisions in an hour, the many things to keep account of in a busy city man's or woman's life, seem monstrous to a country brother. He doesn't see how we live at all. A day in New York or Chicago fills him with terror. The danger and noise make it appear like a permanent earthquake. But settle him there and in a year or two he will have caught the pulse beat. He will vibrate to the city's rhythms, and if he only succeeds in his avocation, whatever that may be, he will find a joy in all the hurry and the tension, he will keep the pace as well as any of us and get as much out of himself in any week as he ever did in ten weeks in the country.

The stimuli of those who successfully respond and undergo the transformation here are duty, the example of others and crowd pressure and contagion. The transformation, moreover, is a chronic one. The new level of energy becomes permanent. The duties of new offices of trust are constantly producing this effect on the human beings appointed to them. The physiologists call a stimulus dynamogenic when it increases the muscular contractions of men to whom it is applied, but appeals can be dynamogenic morally as well as muscularly.—American Magazine.

He Knew the Play.

Miss Grace Lane, an English actress, who achieved her first success as Babbie in "The Little Minister," told of her introduction to the author. One night at a Stoke Newington theater the manager told her that Mr. —— was coming round to see her at the end of the act. She did not catch the name and thought that a representative of the local paper was seeking a chat with her. "Very well," she answered and gave the matter no more thought. At the end of the act she found the manager and a small, delicate looking man awaiting her, and, without stopping for an introduction, Miss Lane started talking nineteen to the dozen that she might get the interview over and take a little rest in her dressing room before the next act. "I hope you are enjoying the play," she said when she had finished giving the astonished young man a long account of her private history and her early professional career. "Oh, yes," he answered. "Don't you think it is a pretty play?" she asked. "Quite a pretty play," was the reply. "Did you see it at the Haymarket?" "Oh, yes, I saw quite a lot of it. You see, I wrote it," said Mr. James Barrie.
